Edition 13 | WINTER 2024/25

Singer Family

## Dear Guests and Friends of Singer!

Once again, we're excited to share our latest edition of Singer's Guest News with you. This time, we've gathered a wealth of exciting information and updates to get you dreaming about your next stay with us.

Winter is just around the corner, and we're already looking forward to it.

For Hannes, it will be the first time he truly experiences snow, cold weather, and the magic of Christmas. Meanwhile, Leonie will start second grade.

During this year's summer and fall, we decided to skip the major renovations and construction for a change. Instead, we focused on "fine-tuning" our hotel for the months ahead. We updated the furniture on the bistro terrace, added a lovely new terrace to room 114, and kept the painters busy. The garden saw ongoing changes as well. Plus, we made some adjustments to our services and our team, which we're really proud of. In these challenging times, we've managed to build and maintain a very stable and dedicated group of employees.

And with a few of them, we get to celebrate some very

special anniversaries this year - but more on that later.

Calling the Bergbahnen Berwang project "fine-tuning" is a serious understatement. It's actually a major endeavor that started this summer and is set to finish by winter 2025/26. What it's all about? Well, here's a clue: If you want to take one last nostalgic ride on the Thanellerkar lift, visit Berwang this winter. After 55 seasons, it will be operating for the final time.

And there are so many other great reasons to spend your well-deserved break from everyday life with us. We're looking forward to welcoming and pampering you again soon, and in the meantime, we wish you a happy and healthy life!"

Yours,

Christina, Florian, Leonie, and Hannes with Gerti Singer

## DIE S-LOUNGE

The S-Lounge is the ideal place for those who love snow. Enjoy a ski lunch or a hot or cold drink while you take a break right next to the hotel and the Sonnalmbahn slope. You'll be treated to a 360-degree panoramic view of winter wonderland, along with trendy music and an amazing ambiance.

Our tip: Reward yourself with our tasty "Kaiserschmarrn" or another satisfying snack after an active day on the slopes.

Our S-Lounge host, Cosima, and her team are excited to welcome you and treat you to a fantastic experience.

# Staff anniversaries

## 60 years of unwavering loyalty to Hotel Singer

“It’s the people working at a hotel who give it its character. Without them, it’s just an empty structure.”

FLORIAN SINGER

We’re thrilled to have so many long-time employees on our team. This year, in 2024, we’re celebrating a combined 60 years of loyalty to Hotel Singer. Not all from one person, but spread across three employees with 10, 20, and 30 years of service.

### 10 YEARS Peter Behmer at Hotel Singer

Peter joined our maintenance team in 2014 and quickly rose to the position of Technical Director. Together with his team of four, he oversees the numerous aspects that keep our hotel running smoothly. Almost every regular guest knows Peter – the Styrian with a Viennese accent, who, when he’s not working at Hotel Singer, lives in Tenerife. Although he started out as a baker, he’s now our expert on pool, electrical, and sauna technology.

What lots of guests don’t know: Peter and his team are crucial to our large renovations. Before the construction crews even show up, they’re already hard at work clearing out spaces, moving furniture, tearing down walls, and disposing of debris. Throughout the renovation process, they act as the “emergency team”, stepping in wherever needed until everything is back to normal.

We’re deeply grateful for Peter’s unwavering dedication, his ever-positive approach, and his ability to always find the right solution. He has been an invaluable support to Florian Singer in technical areas. Unfortunately, we’ve heard that Peter might be retiring soon.

“Dear Peter, please don’t! Winter in Tenerife isn’t nearly as nice as it is in Berwang!”

## 20 YEARS

### Executive Chef Thomas Kunath

Although Thomas Kunath joined our team in 2001, he only became Executive Chef at the end of February 2004. The previous Executive Chef, Peter Holzknacht, was surprisingly able to retire during the winter season after nearly 25 years with us – creating a vacancy. We entrusted this prestigious role to Thomas, a German who had made Austria his home and started a family here.

In his early years, with support from the then “Junior Manager” Florian Singer, Thomas introduced many changes and modernised the kitchen’s direction. Over the years, he has shaped the kitchen’s style in all areas and now manages up to 15 employees while preparing 350 meals a day throughout winter – not including staff meals.

Nobody knows how many plates have been handled by Thomas over these twenty years or how many chefs have been on his team. But one thing is certain: Serious complaints about the quality of the food can be counted on one hand.

In 2022, after a year and a half of planning, Thomas finally got his new kitchen. Before that, he had to use our hotel kitchen from 1984, which frequently showed technical problems and required lots of improvising, especially during busy times. But since the renovation and the significant improvement in air quality, Thomas Kunath is (even more) relaxed. And as a devoted FC Bayern fan, he’s often reminded by the Singer family: “Those 20 years – that was just the first half!”

**“Dear chef, a huge thank you for twenty years of outstanding leadership in our kitchen, for all the happy guests, and for the great teamwork!”**

## 30 YEARS

### Thomas Rückhörmann at Hotel Singer

Even though he is the youngest of the three gentlemen, Thomas has been with us the longest. He joined our hotel in December 1994 as a Chef de Rang from Styria. Over the years, he worked his way up to Restaurant Manager, spent

some time as a Bar Manager, returned as a Sommelier, and has been our Restaurant Manager again since 2021.

There’s not much more to say about Thomas that hasn’t already been said over the years: He’s our most loyal employee, always stands by our hotel, knows every guest by name, anticipates special requests before they’re even made, knows all our wines by heart, tries to speak every guest’s language, is willing to tackle every task, and is the face of Hotel Singer. Plus: He also has a sense of humour that not everyone gets right away and, occasionally, his noble temperament shines through – after all, his family, the “Von Rückhörmanns”, were part of the Austrian nobility until 1919.

**“We’d like to extend a heartfelt “thank you” to him for all his hard work, the countless happy guests, and the many fun and wonderful moments we’ve experienced together. We’ll be celebrating his anniversary in December, and a little birdie told us that there will be a lovely surprise for him to come!”**

# New at Singer's SPA – Alpine Hammam

*Since last summer, the team at Singer's SPA has been treating our guests to a completely new experience.*

“Immerse yourself in the soothing world of the Alpine Hammam ritual, a unique blend of Alpine freshness and traditional oriental bathing culture. Experience the relaxing effects of this special combination of gentle touches, Alpine purity, and oriental tranquillity, bringing harmony to your both body and mind.”

NATASCHA REHBERG – SPA MANAGER

## Singer's Alpine Hammam

Set in an oriental ambiance, the treatment starts with a deep exfoliation. The body is thoroughly cleansed to boost circulation and get the skin ready for the upcoming steps.

This is followed by a short session in the private sauna. Then comes the main event, a unique body ritual: On a heated marble stone bed, guests experience a relaxing massage, wrapped in luxurious, silky soap foam, which indulges the senses and gently eases muscle tension.

# A WINTER COCKTAIL TO TRY AT HOME

Ioannis Kyres has been part of Hotel Singer since the 2022/23 winter season. For two seasons, he assisted our long-standing Bar Manager, Mr. Kai, and since this summer, he has taken on the role of sole Bar Manager at our hotel bar. Originally from Greece, Ioannis was a bit shy about speaking German with our guests during his first season. But now, we're proud to say that his German has improved wonderfully, and his Mediterranean charm and creativity have truly enriched our bar.

So, why not see him at the bar and enjoy one of his creations? Or get inspired already now by this winter drink before your next stay with us.

Ioannis' creation "RESKY" to recreate at home:

## Ingredients:

5cl Bulleit Rye Whiskey 95  
 2cl cinnamon syrup  
 3cl apple juice  
 3cl egg white  
 2.5cl lemon juice

## Preparation:

- Add all the ingredients to a shaker with ice.
- Shake vigorously.
- Strain into a tumbler glass filled with ice.

DECORATION: cinnamon

Garnish half the glass with cinnamon and enjoy on a cosy winter evening!

# NEWS OF

## Bergbahnen Berwang are building section II of “Obere Karbahn” lift

“We’re incredibly proud to finally be tackling this ambitious project. We’ve been planning it since 2016 and had to delay the start multiple times. Now, construction has begun, and the project is underway. By December 2025, our guests will be able to enjoy the fantastic upper ski slopes of Thaneller with a modern gondola lift. For all the nostalgia lovers out there, the 2024/25 winter season will be your last chance to ride the 1969 anchor lift one more time”

FLORIAN SINGER - MANAGING SHAREHOLDER

Bergbahnen Berwang, under the management of Gernot Falger and Florian Singer, have decided to start construction on the second section of the “Obere Karbahn” this summer. The project is expected to be completed and operational by December 2025, and the new lift will replace the old Thanellerkar anchor lift from the 2025/2026 winter season.

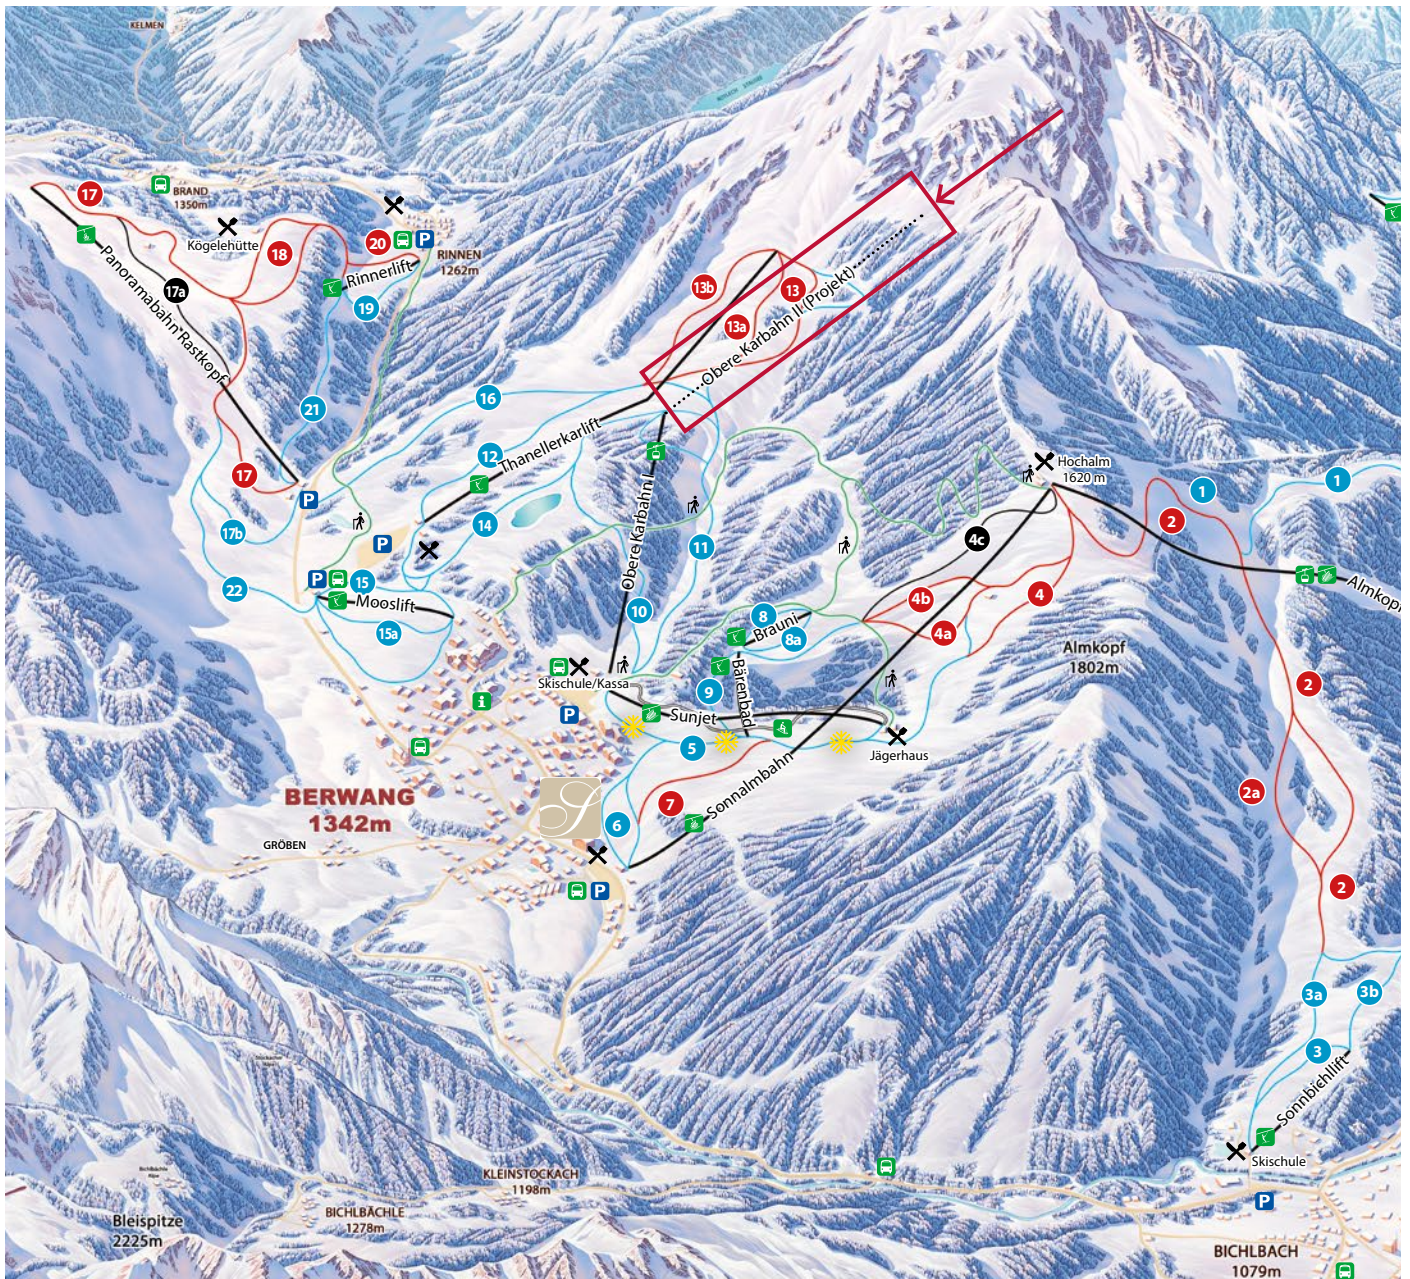

The ambitious project kicked off in 2019 with its first section. However, COVID-related restrictions and the advancement of the Thanellerbahn lift in 2020 caused several delays in continuing with the “Obere Karbahn”.

The construction of the first part of the major avalanche protection system in the “Scharte” area is underway, with the support foundations being laid and excavation work at the mountain station happening simultaneously. In summer 2025, the project will continue with the completion of the avalanche protection, the foundation work for the mountain station, the creation of ski slopes and snowmaking facilities, and the installation of the cable car.

From the 2025/2026 winter season, a new, modern 10-person gondola will be available to skiers, reaching up to the “Obere Karbahn” area and enhancing the Berwang ski area. The attractive upper slopes (Netzhang, Brunntal, and Hüttenhang) will also be extended by several hundred metres with the addition of a black and a red run, thanks to the new mountain station being nearly 140 meters higher. Beginners will still have the option to get off at the middle station.

# BERWANG AT NIGHT

Ski show | Night skiing | Tobogganing | Slope preparation

Berwang, our charming mountain village, turns into a magical place at night. Whether you're up for night skiing, tobogganing, or taking in a captivating ski show, there's something for everyone to enjoy here.

## SKI SHOW

For years, the ski show in Berwang has been a standout event for visitors of all age groups.

- **PERFORMERS:** Experienced skiers and snowboarders from local ski schools and clubs impress with amazing tricks and synchronised routines.
- **PLACE:** The show takes place at the Egghof Sunjet under floodlights, with plenty of space for all the spectators. Additionally, the Berwang Ski Club provides food and drinks.
- **SPECIAL EFFECTS:** With music, lights, and a concluding laser show, the atmosphere is both stunning and fun. The grand finale features the Bergbahnen Berwang lifts parading down to the valley to Aida's Triumphal March.
- **TIME:** The ski show takes place every Tuesday at 8.30 p.m. during the winter season.

## NIGHT SKIING

Night skiing in Berwang is a popular activity and offers a unique way to experience the Egghof Sunjets slope.

- **PLACE:** The "5 Emmne" family slope at Egghof Sun Jet Lift, which features floodlights for night skiing.
- **TIME:** Night skiing takes place every Thursday during the winter season from 5.30 p.m. to 8.45 p.m.
- **EXPERIENCE:** Skiing under the stars on well-lit slopes offers new perspectives and an exciting challenge for skiers of all levels.

## TOBOGGANING

Tobogganing is another popular night-time activity in Berwang. Here's what you need to know:

- **TOBOGGAN RUN:** Berwang has a designated toboggan run called "Bärenritt", which is safe and suitable for all age groups.
- **EQUIPMENT:** If you didn't bring your own, toboggans and helmets are available for rent in the nearby shops.
- **TIME:** The toboggan run is open during daytime while the ski lifts are running, and on the night skiing evening with the according opening hours.

## THE HEROES OF THE NIGHT:

### *Slope preparation*

Every night, 36 kilometres of ski slopes at the Skiarena Berwang need to be perfectly groomed. To do this, seven snow groomers "Kässbohrer-types" and "Leitner-Leitwolf" are used. They flatten the snow mounds left by skiers and then use a "finisher" to smooth out the surface. Each of these machines costs around €400,000 and has a lifespan of about eight years.

Working nights with heavy snow and poor visibility, and being responsible for such costly equipment make this job exceptionally exciting!

### *But they are not the only "Heroes of the Night":*

When it's especially cold, the "Snow Masters" get to work. These are workers who handle the mechanical snowmaking on the slopes after the lifts have closed.

With a total of 60 snow guns, mostly from the brand "Technoalpin", and another 60 snow lances, they create snow precisely where it's needed on the slopes. While a lot of the process is controlled by computers these days, it still takes a skilled snow master, who, bundled up and driving a Ski-Doo, inspects every part of the slopes and has to perform a lot of the task manually.

*If you'd like to see our "Heroes of the Night" in action, we recommend coming to the Ski Show at the Egghof Sunjet in Berwang on Tuesday evening at 8.30 p.m.*

# Duck breast with potato dumplings and red cabbage

SERVES APPROX. 4 PEOPLE

## Potato dumplings

(10 pieces, 90g each)

750g starchy potatoes	120g potato starch
1tsp room-temperature butter	1-2 egg yolks
½tsp mustard	Toasted bread croutons (optional)
1 pinch of nutmeg	

- Cook the potatoes for about 25 minutes.
- Peel them while they're still warm, then mash or crush them. Stir in the rest of the ingredients.
- Knead everything together and, if you like, add the croutons.
- Shape the mixture into dumplings and place them into boiling water.
- Let them simmer on low heat for about 25 to 30 minutes.

## Red cabbage:

1,000g shredded red cabbage	1 bay leaf
1 apple	3 cloves
2tbsp red wine vinegar	2 onions
1 shot of apple juice	1 tbsp duck fat
200ml red wine	1 tbsp granulated sugar
80g lingonberries	Salt & pepper
	2 tbsp duck fat

- Cut the red cabbage in half, remove the core, and shred it finely using a vegetable slicer. Peel and core the apple, then grate it finely as well.
- Mix the cabbage, apple, vinegar, apple juice, wine, and cranberries together. Add the bay leaf and cloves, stir, and let it sit for at least two hours or overnight.
- Peel and thinly slice the onion, then sauté it in oil. Add sugar and cook until the onion is light brown. Stir the cabbage mixture into the onions and simmer for 40 minutes. Finally, remove the bay leaf and cloves, and season with salt and pepper to taste.

## Barbary duck breast:

2 duck breasts (min. 200g each)	2 twigs of rosemary
2 tbsp clarified butter	2 twigs of thyme
1 bulb of young garlic	2tbsp honey

## Sauce:

30g sugar	Approx. 5g corn starch
250ml red port wine	Butter as needed
100ml clear apple juice	Salt & pepper
250g demi-glace (if you don't have it, you can also buy it)	

- Leave the duck breast at room temperature for 30 minutes before searing.
- Score the skin in a diamond pattern and set it aside again while you prepare the sauce.
- Caramelize the sugar in a pan, then deglaze with red port wine.
- Add the apple juice and let it reduce to a quarter of its original volume.
- Stir in the demi-glace and simmer for about 10 minutes.
- Thicken the sauce with corn starch and top it off with butter.
- Sear the duck breast skin-side down, then transfer it to a 110°C convection oven to reach an internal temperature of 52°C.
- Glaze the skin with honey while it cooks, then give it a final touch in the pan with butter, thyme, and rosemary.
- Serve everything together and enjoy your meal!

# Big news: Stefanie, our Assistant, and Juraj, our Deputy Restaurant Manager, are expecting a baby!

We're thrilled to share that our Personal Assistant, Stefanie Birnbacher, and our Deputy Restaurant Manager, Juraj Sremec, will be welcoming a baby this fall. When we received the news at the start of the summer season, we couldn't wait to throw a big baby shower – after all, these are some of the happiest news life has to offer.

However, this also means that, regrettably, the couple won't be staying with us during the next winter season. They'll be returning to Stefanie's home in the Kitzbühel Alps to start building their future together as a small family.

## DEAR STEFFI!

First as a S-Lounge hostess, then as an F&B assistant, and for the past few years as our right hand: We want to thank you for always being so pleasant and trustworthy to work with, and for the friendly and professional relationship we've had.

## DEAR JURAJ!

From Commis de Rang to Restaurant Manager in just a few years – you've truly climbed the career ladder with us, and both you and we should be very proud. Thanks a lot for all your hard work and for taking such great care of our guests.

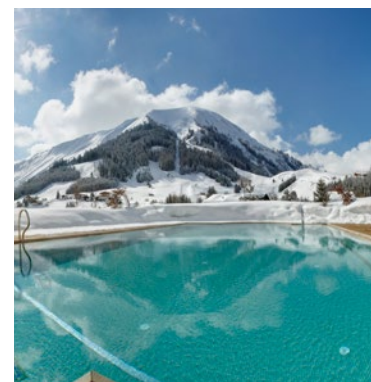

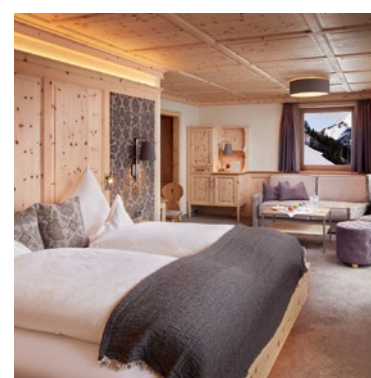

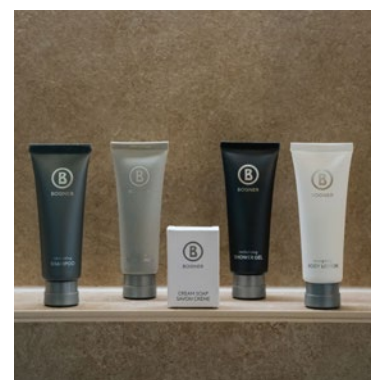

**“We wish you and your family all the best and, most importantly, that both the baby and you are always healthy and happy. We will truly miss you!”**

*Yours,*

*Christina and Florian Singer with Leonie and Hannes as well as Gerti Singer*
